The casino has 1330 slot machines and 50 gaming tables, as well as the SUNstruck Progressive, Durban's only million Rand paying bank of slot machines. Suncoast's private beach is one of the best in South Africa. A grassed embankment bordered by layers of indigenous vegetated dunes looks over a wide, flat beach right onto the Indian Ocean.

Suncoast's eight-cinema complex shows all the latest blockbusters, including an array of hot Bollywood movies, and is home to the 18m Supernova screen, the largest cinema screen in KwaZulu-Natal.

## The Umhlanga Coast

The Umhlanga Coast stretches for miles north of the city, framed by fields of green sugar cane and the endless golden beaches that this part of the world is so famous for.

At the epicentre lies the holiday town of Umhlanga Rocks, part city, part beach resort, part shopping paradise. Apart from the fine dining and shopping that takes place in this holiday environment, there is an endless choice of exciting activities to enjoy, like surfing, swimming, fishing, dolphin and whale watching, shopping and micro-lighting. Or you may wish to take a hike through the coastal Hawaan Nature Reserve, or just laze around on the beach soaking up some sun.

For those seeking a little more peace and quiet, the friendly villages of Umdloti, La Mercy and Westbrook lie in wait just a little further along the coast.

## The Sapphire Coast

**T**he town of Amanzimtoti (meaning 'sweet waters' in Zulu) is said to have been named by the great Zulu King Shaka after tasting the fresh water that flows out of the hills at this scenic spot. It is situated on the coast a short drive south of Durban.

This part of the coast is a popular destination for scuba divers who come to explore Aliwal Shoal, a fossilised sand dune that lies 5km off the Umkomaas River mouth. A myriad of warm water reef fish and cold water fish converge on Aliwal Shoal to create a kaleidoscope of colour. For those who prefer to remain on terra firma, the beaches of the Sapphire Coast provide plenty of opportunities to enjoy swimming, surfing or fishing. Nature lovers can explore the Amanzimtoti Bird Sanctuary or stroll in one of the nature reserves. For a taste of local history or culture, there are a number of arts and crafts stores offering a selection of handmade goods, and the Adams Mission College, founded in 1884.

## The Valley of 1000 Hills

An easy 30-minute drive inland from Durban will bring you to the cool, green suburbs of Kloof, Gillitts and Hillcrest, edged by the wild and rugged Valley of 1000 Hills. It is aptly named as the land literally tumbles down to the Umgeni River Valley in thousands of hills dotted with traditional Zulu homesteads and grazing cattle and goats. At the bottom of the valley the Inanda Dam snakes between the hills with camping, boating and fishing activities.

The views in this part of the world are breathtaking, the nature reserves teeming with game and the Zulu cultural villages provide an opportunity for visitors to experience some of the thrills of Africa.

The western suburbs are literally on the doorstep of these breathtaking valleys. You can shop in the trendy malls of Kloof and Hillcrest, with their restaurants, spas and B&Bs, and then drive for just 20 minutes to a nature reserve. On the opposite side of Hillcrest lies the equally impressive Shongweni Dam and Nature Reserve where warthog, buck, zebra, rhino and giraffe roam freely through the

thorn bush. Many species of birds congregate in this subtropical paradise, including fish eagles.

The area is a growing destination for adventure enthusiasts and adrenaline seekers, with an array of adventure activities on offer including rock climbing, quad biking, mountain bike trails, paintballing, abseiling, 4x4 trails, microlighting and canoeing.

## Vibrant Township Tours

Townships offer visitors a glimpse of another side of Durban. Originally established by the apartheid government to house black people working in the city, townships have become sprawling and vibrant neighbourhoods in the post-apartheid era where an exciting new urban African culture is being born.

No visit to Durban is complete without visiting one of these townships. Tours guided by knowledgeable locals will provide the visitor with the opportunity to immerse themselves in the rich community life townships enjoy and experience the pulse of this vibrant culture.

Guests can visit a shebeen (which means 'hidden' bar) or a 'shisanyama' (where meat is grilled on open fires), where locals meet to drink and eat together in a lively atmosphere.

## Durban's Ocean Playground

**D**urban is famous for its beach and water lifestyle thanks to a stretch of beach that extends from the Umgeni River mouth at Blue Lagoon to the harbour. Durban is one of the few cities in the world that offers world-class surfing waves right on its doorstep. Epic 'beach break' surf conditions can be found along the entire Durban beachfront, particularly New Pier, North Beach and Battery Beach. For more experienced surfers, the Bluff and the North Coast offer powerful reef breaks, and the South Coast is home to some world-class point breaks.

Other ocean activities that can be enjoyed are swimming, fishing, jet-skiing, canoeing, windsurfing and kite surfing. Durban's mild all-year-round climate and 19°C-24°C water temperature make it a summer AND winter holiday destination.
